

HELP OUT TO GET FIBRE TO YOUR HOME

We would like to hear from volunteers to help bring our network to life.

We need to be out in the community, talking to landowners; getting wayleave documents (permission to dig) signed; establishing the level of interest in our service; fund raising; helping us plan the route at a very detailed level – eg telling us about tunnels and culverts to help us cross roads; doing leaflet drops and so much more.

B4RN in Lancashire already do this very successfully with people being involved in all aspects of the company, from making cups of tea to fusing fibre.

We are a small team and would welcome anyone who would like an exciting, new challenge. Join us and help us build a network for the future.

Investment is also key to our success, so if you are not able to help with the process of planning and installing our network, perhaps you might consider investing?

Become a Local Champion

If you would like to help us co-ordinate in your area, we would love to hear from you. Represent your area; don't leave it to your neighbour!
